- How to use

FREE DEMO · the full planner has 555 pages, 6 themes and 60 covers

How to use your planner

TWO MINUTES, THEN YOU ARE SET

1 Open it in a note-taking app

GoodNotes, Notability, Noteshelf, CollaNote or Xodo. Import the PDF as a new notebook.

2 Use the links

Links work with your finger. In GoodNotes, switch to read-only mode or tap with a finger, not the pen.

3 Move around

Top bar: Home, 2027, this month, this week, this day. Side tabs: any month. Tap a date to open that day.

4 Start today

Your planner begins with bonus pages for November and December 2026, so you do not have to wait.

5 Shortcuts

Calendar, Google and Reminders open those apps, so appointments stay in sync with your phone.

6 Change the cover

Pick any cover from the cover pack. Import it as a page, move it to the front, delete the old cover.

7 Stickers

Use the sticker pages (lasso and copy) or add the PNG stickers to your app’s sticker library.

8 Go gently

Skipped a day? Leave it blank and carry on. The Done list counts small wins too.
